Bob@countingspots.com

This letter is to confirm that the following products are single source products, created, manufactured, sold and distributed exclusively by **Counting Spots**. These products can only be purchased directly by institutions from **Counting Spots** at the address listed above or through our website (www.countingspots.com)

We developed Counting Spots products and kits to meet the need of teachers and students. We currently have several small group instruction supplemental kits available, as well as individual products available for purchase. Our products focus on number comprehension and understanding. Although some of the items included in our kits can be purchased elsewhere, our kits are put together with specific focus on the concept and grade level specified. Additional exclusive materials will be added as developed and tested.
